PROFILE

I am a dedicated and highly skilled individual currently pursuing a degree in Computer Science. With extensive experience as a Head Teacher in a private school, I have been actively involved in academic management and administrative responsibilities, developing strong leadership, organizational, and communication skills. I previously served as the General Manager of Teaching and IT, as well as Cultural Manager at RAO – Roshan Afghanistan Online University, where I gained valuable experience in leadership, coordination, and educational program management. Currently, I am working as a Frontend Developer, focusing on building modern, responsive, and user-friendly web applications. I am passionate about education, technology, and continuous personal growth, and I am eager to contribute my knowledge and expertise to innovative and dynamic environments.

WORK EXPERIENCE
